**WITTE DIAMOND Phillips bit,
1/4" short guide PH2x25 for
precision screws**

Brand: Witte

Reference: TUR 27392

Short 1/4" Phillips DIAMOND guide tip (PH2x25) with diamond microparticle coating. Offers a precise fit and reduces slippage, ensuring optimal grip. Wear and corrosion resistant, ideal for mechanical and automated applications.

[View product online](#)**Description**

The Witte-27392 Phillips DIAMOND bit is a high-precision tool designed to deliver exceptional performance in screwdriving applications. Thanks to its innovative diamond microparticle coating, this bit fits optimally onto the screw head, minimizing slippage and ensuring a firm grip. This is crucial when working with delicate or high-value surfaces, where slippage could cause damage. Furthermore, its high-quality gold coating provides effective corrosion protection, ensuring the tool's longevity. The extremely hard diamond particles increase wear resistance, resulting in remarkable durability. This bit is ideal for serial screwdriving applications, both mechanical and automated, making it a reliable choice for professionals and DIY enthusiasts.

- **Type:** Phillips Diamond Bit
- **Model:** Witte-27392
- **Size:** Short 1/4" Guide
- **Material:** Diamond Microparticles
- **Coating:** High-Quality Gold Plating
- **Resistance:** High Wear Resistance
- **Use:** Serial Screwdriving Applications
- **Accuracy:** Maximum Fit Accuracy
- **Protection:** Optimal Corrosion Protection
- **Ideal for:** High-Value Surfaces

Specifications

EAN	4003955319728
Manufacturer	WITTE

Weight (kg)	0,0100
