Description

The Witte-27457-Standard Phillips Tip is a 1/4" long guide, designed to offer optimal performance in screwdriving applications. With a length of 110 mm, this guide is ideal for reaching screws in tight and hard-to-access spaces. Its ergonomic design and robust construction guarantee exceptional durability, allowing for extended use without compromising effectiveness. The Phillips (PH2) tip provides a precise and secure fit on screws, minimizing the risk of slippage and ensuring a perfect fit. This tool is essential for professionals and DIY enthusiasts who seek quality and reliability in their projects.
