WITTE STAINLESS INOX Torx bit, 1/4" short guide T20x25 for screws.

Brand: Witte

Reference: TUR 28532

Witte-28532 stainless steel Torx bit, 1/4" short guide (T20x25). Designed for durability and corrosion resistance. Ideal for tightening stainless steel nuts, preventing contamination and ensuring optimal performance in your projects.

[View product online](#)**Description**

The Witte-28532-Torx STAINLESS INOX Short Guide 1/4" (T20x25) is a tool designed to offer exceptional performance in applications requiring precision and durability. Made of stainless steel, this guide combines strength and aesthetics, making it an ideal choice for professionals and hobbyists seeking quality tools. Stainless steel not only provides greater longevity but also minimizes the risk of corrosion and rust, ensuring extended use in various conditions.

It is important to note that when working with stainless steel nuts, it is recommended to use stainless steel wrenches to avoid contamination and preserve the integrity of the material. This guide is perfect for those who value quality and functionality in their projects.

- **Tip Type:** Torx T20
