

Product sheet

**WITTE STANDARD TIN Torx tip,
1/4" long guide, T20x50 mm**

Brand: Witte

Reference: TUR 29615

The Witte-29615 Torx bit (T20x50) is a 1/4" long guide, designed for precision and durability in screwdriving applications. Ideal for applications requiring a secure and efficient fit on Torx screws.

[View product online](#)**Description**

The Witte-29615-Torx STANDARD TIN guide 1/4" long (T20x50) is a high-precision tool designed to meet the needs of professionals in the mechanical and electronics fields. Made with high-quality materials, this guide offers exceptional durability and optimal performance in applications requiring precise adjustments. Its 1/4" length design allows easy access to tight spaces, facilitating work on complex projects. The Torx T20 tip ensures a secure and efficient fit, minimizing the risk of slippage and wear.

- **Tip Type:** Torx T20
- **Length:** 50 mm
- **Guide Diameter:** 1/4"
- **Material:** Heat-treated steel for increased strength
- **Finish:** TIN (Titanium Nitride) for increased durability
- **Use:** Ideal for mechanical and electronic applications
- **Compatibility:** Compatible with 1/4" screwdrivers and power drills
- **Ergonomic Design:** Facilitates handling and precision in work
- **Wear Resistance:** High resistance to corrosion and wear
- **Manufacturer:** Witte

Specifications

EAN	4003955311029
Manufacturer	WITTE
Weight (kg)	0,0100
