Description

The Witte-29480 security Torx bit is a versatile tool designed to meet the needs of most applications. With a short 1/4" guide, this bit is ideal for working with screws that require high torque values, such as wood screws. Its robust and durable design allows for exceptional performance even in situations involving increased torque, making it a reliable choice for metric screws in metal. BITPRO's manufacturing quality ensures a long service life, making this bit an essential tool in any toolbox.

- **Model:** Witte-29480
- **Type:** Security Torx Bit
- **Guide:** 1/4" Short
- **Applications:** Wood screws and metric screws in metal
- **Durability:** High wear resistance
- **Torque Capacity:** Suitable for high torque values
- **Manufacturer:** BITPRO
- **Use:** Versatile tool for various applications
- **Compatibility:** Compatible with 1/4" screwdrivers
- **Dimensions:** T10x25 mm

Specifications

EAN	4003955307107
