Description

The Witte-29481 (T15x25) security Torx bit is a versatile tool designed to meet the needs of most applications. Its design allows it to withstand high torque values, making it ideal for working with wood screws and other materials that require high torque. BITPRO technology ensures exceptional durability, even in situations involving increased torque, such as when driving metric screws into metal. The short 1/4" guide facilitates use in confined spaces, providing an efficient and effective solution for professionals and DIY enthusiasts.

- **Tip Type:** Security Torx
- **Size:** T15x25
- **Guide:** 1/4" Short
- **Applications:** Wood screws and metric screws threaded into metal
- **Durability:** High wear resistance
- **Torque Capacity:** Suitable for high values
- **Material:** High-quality steel
- **Compatibility:** Power and hand tools
- **Use:** Professional and DIY
- **Brand:** Witte

Specifications

EAN	4003955307114
Manufacturer	WITTE
Weight (kg)	0,0100
