## Description

The Witte-29483 security Torx bit is a versatile tool designed to meet the needs of most applications. With a short 1/4" guide, this bit is ideal for working with screws that require high torque values, such as wood screws. Its robust design allows for exceptional performance even in situations demanding increased torque, making it a reliable choice for metric screws in metal. BITPRO's manufacturing quality ensures long life, making it suitable for heavy-duty use in various assembly and repair tasks.

- **Model:** Witte-29483
- **Type:** Security Torx Bit
- **Size:** T25x25
- **Guide:** 1/4" Short
- **Applications:** Wood screws and metric screws in metal
- **Durability:** High wear resistance
- **Torque:** Suitable for high values
- **Manufacturer:** BITPRO
- **Use:** Ideal for assembly and repair work
- **Compatibility:** 1/4" drive tools
