Description

The STANDARD Witte-27086 hex bit is a versatile tool designed to meet most screwdriving applications. With a short 1/4" guide, this bit is ideal for jobs requiring high torque values, such as using wood screws. Its robust construction ensures a long lifespan, even in situations where torque increases, such as with metric screws in metal. The quality of the BITPRO brand is reflected in its performance, offering a reliable solution for professionals and DIY enthusiasts.

- **Tip Type:** Hex STANDARD
- **Guide Size:** 1/4" Short
