Description

The Witte-27183 hexagonal ball tip is a high-precision tool designed to facilitate work in confined and hard-to-reach spaces. With a length of 50 mm and a 1/4" guide design, this bit is ideal for applications requiring an angled bit, allowing better access to screws in awkward positions. Made from high-quality materials, it guarantees durability and wear resistance, making it a reliable choice for professionals and DIY enthusiasts alike.

- **Bit Type:** Ball Hex
