Description

The Witte-27185 hexagonal ball tip is a high-precision tool designed to make working in tight spaces and at difficult angles easier. With a length of 50 mm and a 1/4" guide design, this bit is ideal for applications requiring limited access, allowing for better control and maneuverability. Its robust construction ensures durability and wear resistance, making it a reliable choice for professionals and DIY enthusiasts. The ball shape allows for a greater range of motion, facilitating the insertion and extraction of screws in various positions.

- **Bit Type:** Ball Hex
- **Length:** 50 mm
- **Guide:** 1/4"
- **Material:** High-quality steel
- **Use:** Ideal for screws in confined spaces
- **Compatibility:** Power and hand tools
- **Design:** Allows for a greater range of motion
- **Strength:** High durability and wear resistance
- **Applications:** DIY, maintenance and repairs
- **Brand:** Witte
