Description

The Witte-27186 ball end hex bit is a high-precision tool designed to deliver exceptional performance in screwdriving applications. With a length of 50 mm and a 1/4" guide design, this bit is ideal for accessing screws in tight and hard-to-reach spaces. Its robust construction ensures durability and wear resistance, making it a reliable choice for professionals and DIY enthusiasts. The ball shape allows for a flexible working angle, facilitating the insertion and extraction of screws in various positions.

- **Tip Type:** Ball Hex
- **Length:** 50 mm
- **Guide Diameter:** 1/4"
- **Material:** High-quality steel
- **Use:** Compatible with screwdrivers and power drills
- **Working Angle:** Allows flexibility in tight spaces
- **Durability:** High durability and wear resistance
- **Applications:** Ideal for DIY and professional work
- **Compatibility:** Fits various brands of tools
- **Design:** Efficient and ergonomic for better handling
