Description

The Witte-27482 Tri-Wing Standard bit is a versatile tool designed to meet most screwdriving applications. Its design allows it to withstand high torque values, making it ideal for working with wood screws and other demanding materials. BITPRO technology ensures long life, even in situations requiring increased torque, such as when driving metric screws into metal. With a short 1/4" guide, this bit is compatible with a wide range of screwdrivers and drills, making it easy to use for various DIY and professional tasks.

- **Model:** Witte-27482-Tri-Wing Standard Bit
- **Tip Type:** Tri-Wing
- **Guide Size:** 1/4" Short
- **Applications:** Wood screws and metric screws threaded into metal
- **Durability:** High wear resistance thanks to BITPRO technology
- **Torque Capacity:** Suitable for high torque values
- **Compatibility:** Compatible with standard screwdrivers and drills
- **Use:** Ideal for DIY and professional applications
- **Material:** Made of high-quality steel
- **Dimensions:** Compact and easy to handle
