**TORQ-SET STANDARD WITTE
bit, 1/4" short guide, 8x25 mm,
high precision.**

Brand: Witte

Reference: TUR 27337

Witte-27337 1/4" Short (8x25) TORQ-SET STANDARD bit, ideal for high-torque applications. Designed for wood and metric screws in metal, it offers durability under demanding conditions. Perfect for precision and heavy-duty work.

[View product online](#)**Description**

The Witte-27337 TORQ-SET STANDARD bit is a versatile tool designed to meet most screwdriving applications. Its robust construction makes it ideal for withstanding high torque values, making it the perfect choice for working with wood screws and other demanding materials. BITPRO technology ensures exceptional durability, even in situations requiring increased torque, such as when driving metric screws into metal. With a short 1/4" guide, this bit is compatible with a wide range of screwdrivers and power tools, making it easy to use for DIY projects and professional jobs.

- **Model:** Witte-27337-TORQ-SET STANDARD Bit
- **Type:** TORQ-SET Bit
- **Size:** 1/4" Short
- **Applications:** Wood screws and metric screws threaded into metal
