**TORQ-SET STANDARD WITTE
bit, 1/4" short guide (1/4"x32)
for precision screws**

Brand: Witte

Reference: TUR 27339

The 1/4" short (1/4"x32) TORQ-SET STANDARD bit is ideal for a variety of applications. Designed to withstand high torque values, it is suitable for wood screws and metric screws in metal, ensuring durability under demanding conditions.

[View product online](#)**Description**

The Witte-27339 TORQ-SET STANDARD bit is a versatile tool designed to meet most screwdriving applications. Its robust construction makes it ideal for withstanding high torque values, making it an excellent choice for working with wood screws and other demanding materials. BITPRO technology ensures long-lasting durability, even in situations requiring increased torque, such as when driving metric screws into metal. This short 1/4" guide is perfect for accessing tight spaces and performing precision work.

- **Tip Type:** TORQ-SET STANDARD
- **Size:** 1/4" x 32 mm
- **Applications:** Ideal for wood screws and metric screws in metal
- **Durability:** BITPRO technology for long service life
- **Torque Capacity:** Supports high torque values
- **Design:** Short 1/4" guide for greater accessibility
- **Material:** High-quality steel
- **Compatibility:** Compatible with 1/4" screwdrivers
- **Use:** Professional and home use
- **Origin:** Manufactured by Witte

Specifications

EAN	4003955326092
Manufacturer	WITTE
Weight (kg)	0,0100
