Description

The Witte-29001 reversible tip is a versatile tool designed to meet the needs of professionals and DIY enthusiasts. With a 1/4" drive, this bit combines the functions of a flathead and Phillips screwdriver, making it an ideal choice for a wide variety of applications. Made with high-quality materials, it guarantees durability and wear resistance, ensuring optimal performance with every use. Its reversible design allows for easy switching between the two configurations, facilitating work on different types of screws without needing to change tools.

- **Tip Type:** Reversible Flathead/Phillips
- **Drive:** 1/4"
- **Length:** 60 mm
