Description

The Witte-26511 bit is designed to deliver optimal performance in screwdriving applications requiring precision and durability. Made from high-quality stainless steel, this PH 1 bit is ideal for working in environments where corrosion resistance is essential. Its ergonomic design and polished finish ensure a perfect fit with screws, minimizing the risk of slippage and damage to the screw head. Presented in a convenient blister pack, this bit is an essential addition to any professional or DIY toolbox.
