Description

The Olfa-DL-1 is a high-precision utility knife designed to meet the needs of both professionals and DIY enthusiasts. This knife features an automatic locking system that ensures safety during use, preventing accidental blade opening. Its handle incorporates a blade container/splitter, allowing for the safe storage of up to 16 used blade segments, thus facilitating waste management and contributing to a cleaner work environment. This container is removable, allowing for easy access and emptying. The 18 mm blade provides a clean and efficient cut, ideal for a variety of applications, from DIY projects to construction and industrial work. Its ergonomic design ensures a comfortable grip, allowing for prolonged use without fatigue.
