Description

The Olfa-DA-1 is an innovative utility knife designed to offer a safe and efficient cutting experience. This model features an automatic locking system that ensures blade stability during use, providing precise control with every cut. Its design includes a built-in used blade container, allowing you to shred and store up to 16 blade segments, facilitating waste management and ensuring a clean and organized work environment. Furthermore, the Olfa-DA-1 is suitable for left-handed users, as it allows the blade direction to be reversed, adapting to the needs of all users.
