Description

The NWS-2015-10 socket is a high-precision tool designed to meet the needs of the most demanding professionals. Made of forged, oil-treated chrome-vanadium steel, this socket guarantees exceptional durability and wear resistance. Its design includes a two-tone, multi-layered insulator, with a red exterior and a yellow interior, which not only provides a distinctive appearance but also improves the tool's visibility and identification in work environments. This socket is ideal for applications requiring precise fit and optimal performance.

- **Material:** Forged and oil-treated chrome-vanadium steel
- **Diameter:** 3/8 inch
- **Tip:** Hexagonal
- **Insulator:** Bicolor multi-layer (red exterior, yellow interior)
- **Durability:** High resistance to wear and corrosion
- **Use:** Ideal for professional and mechanical applications
- **Compatibility:** Compatible with various impact tools
- **Design:** Optimized ergonomics for a better grip
- **Manufacturing:** Forged process for increased strength
- **Quality:** Meets industrial quality standards

Specifications

EAN	4003758201510
Manufacturer	NWS
Weight (kg)	0,0800
