Description

The NWS-2018-4-120 offset hex key is a high-quality tool designed to deliver exceptional performance in mechanical and maintenance applications. Made from forged, oil-treated chrome-vanadium steel, this key ensures superior durability and strength, making it an ideal choice for professionals and DIY enthusiasts alike. Its offset design allows easy access to tight spaces, facilitating work in hard-to-reach areas.

The two-tone, multi-layered insulator, with a red exterior and yellow interior, not only provides a comfortable and secure grip but also enhances the tool's visibility in the work environment.

This combination of materials and design ensures that the NWS-2018-4-120 hex key is a reliable and efficient tool.

- **Material:** Forged and oil-treated chrome-vanadium steel
- **Design:** Angled for easy access in tight spaces
- **Insulation:** Bicolor multi-layer (red exterior, yellow interior)
- **Durability:** High resistance to wear and corrosion
- **Use:** Ideal for mechanical and maintenance applications
- **Ergonomics:** Comfortable and secure grip
- **Dimensions:** 4 mm
- **Standards:** Complies with DIN7439
- **Versatility:** Suitable for various DIY and repair
- **Quality:** High precision and performance tool
