Description

The Kukko-25-C is an 11-piece universal bearing puller set designed to provide a versatile and efficient solution for removing bearings with diameters ranging from 12 to 110 mm. This carefully curated assortment allows for universal use, facilitating the combination of internal pullers with counter supports and slide hammers, thus maximizing its functionality in a variety of mechanical applications. Its secure storage in special foam ensures that each component remains in optimal condition and is easily accessible.

- **Includes:** Internal extractors and counter supports.
- **Working diameter:** 12-110 mm.
- **Combination:** Compatible with slide hammers.
- **Storage:** Special foam for protection and organization.
- **Spare parts:** All components can be supplied as replacement parts.
- **Identification:** Number engraved on each piece for easy reference.
- **Use:** Ideal for mechanical applications in workshops and maintenance.
- **Durability:** Manufactured from high-quality materials for a long service life.
- **Versatility:** Suitable for a wide range of bearings and applications.
- **Ease of use:** Intuitive design that simplifies the removal process.

Specifications

High	29,60
Width	36,00
EAN	4021176013218
Manufacturer	Kukko
Weight (kg)	17,8000

Depth	44,50
