

Product sheet

KUKKO extension for 18-2 extraction, 100 mm long, high-strength material.

Brand: Kukko

Reference: TUR 19-2-P

Kukko-19-2-P extensions for 18 series extraction tools. At 100 mm long, they increase the clamping depth, improving the efficiency of extraction tools. Ideal for jobs requiring greater reach.

[View product online](#)**Description**

The Kukko-19-2-P extensions are specifically designed to increase the clamping depth of the 18 series extractor devices. With a length of 100 mm, these extensions allow for greater versatility and adaptability in various extraction applications, facilitating work in confined spaces or on hard-to-reach components. Manufactured with high-quality materials, they guarantee optimal strength and durability, ensuring reliable performance with every use.

- **Model:** Kukko-19-2-P
- **Compatibility:** 18 Series Puller Devices
- **Length:** 100 mm
- **Material:** High-strength steel
- **Finish:** Anti-corrosion treatment
- **Weight:** Lightweight and easy to handle
- **Use:** Increases clamping depth
- **Applications:** Ideal for automotive and mechanical work
- **Installation Ease:** Quick and easy
- **Durability:** Designed for extended use

Specifications

EAN	4021176170041
Manufacturer	Kukko
Weight (kg)	0,6000
