Description

The Kukko-54-2 Double-Edged Mechanical Nut Cutter is a tool designed to facilitate the removal of nuts with a size range of 10 to 27 mm. Its double-action cutting operation allows nuts to be loosened without damaging threaded bolts, making it an ideal choice for maintenance and repair work. The nut cutter's joint provides additional support when rotating the chisel, ensuring optimal performance with every use. Furthermore, the chisel can be purchased as a replacement part, extending the tool's lifespan.

This nut cutter is compatible with strength class 5, 6, and 8 nuts and features hardened cutting edges that guarantee greater durability and cutting efficiency.

Its robust, high-performance design ensures the tool maintains its functionality even under demanding working conditions.

- Double-action cutting operation
- Compatible with nuts from 10 to 27 mm
- Prevents damage to threaded bolts
- Extra support when turning the chisel
- Chisel available as a replacement part
- Compatible with strength class 5, 6, and 8 nuts
- Hardened cutting edges
- Robust, high-performance design
- Long service life
- Blade retracts automatically when turning the bolt

Specifications

High	2,50
Width	5,20
EAN	4021176170614
Manufacturer	Kukko
Weight (kg)	0,4000
Depth	13,30
