TURNUS parallel grip jaws 100 x 65 mm for precise and durable clamping.

Brand: Turnus

Reference: TUR 685-100

The Turnus-685-100 parallel grip jaws have dimensions of 100 x 65 mm and offer a clamping force of up to 4000 N, ideal for securing parts in precision work and ensuring a firm and stable grip.

[View product online](#)**Description**

The Turnus-685-100 parallel grip vises are high-precision clamping tools designed to deliver exceptional performance in a variety of industrial and DIY applications. With a clamping force of up to 4000 N, these vises ensure a firm and secure grip, allowing you to work with confidence on projects that require stability and precision. Their ergonomic and robust design ensures a long service life, while their quality construction provides superior resistance to deformation and wear. These clamps are ideal for use in workshops, factories, and work environments where reliability is essential.

- **Model:** Turnus-685-100
- **Dimensions:** 100 x 65 mm
- **Clamping Force:** Up to 4000 N
- **Material:** High-strength steel
- **Design:** Parallel for uniform clamping
- **Ergonomics:** Non-slip handle for a better grip
- **Applications:** Ideal for woodworking and metalworking
- **Durability:** Resistant to wear and deformation
- **Compatibility:** Compatible with various surfaces and materials
- **Usage:** Easy to handle and adjust according to the needs of the job
