Description

The Halder-3007.060 sledgehammer is a versatile and robust tool, designed to meet the needs of construction and landscaping professionals. Its innovative design includes a two-piece body made of cast steel, ensuring exceptional durability and wear resistance. The handle, crafted from high-quality wood, provides a comfortable and secure grip, allowing for extended use without fatigue.

One of the most outstanding features of this sledgehammer is its system of interchangeable heads, made of white superplastic, which offer excellent striking power without damaging surfaces.

The handle and jaws are quickly and easily secured with a central screw, making it easy to change jaws depending on the application.

The Halder-3007.060 is ideal for a wide range of applications, including:

- Landscaping and exterior decoration
- Paving
- Installing curbs and fences
- Driving steel wedges
- Erecting scaffolding and tents
- Working with sheet metal and prefabricated houses
- Carpentry and roofing
- Installing pieces with sharp edges
- Assembly

With its functional design and high-quality materials, the Halder-3007.060 hammer is an essential tool for any professional in the industry.
