The Halder-3207.050 replacement jaw is an essential part for Simplex mallets, designed with high-quality, unbreakable plastic (RCH 1 natural). With a medium hardness of 65 Shore D (+/-5), this jaw guarantees a long service life and resistance to intensive use. Its robust construction makes it an ideal choice for various applications in gardening, construction, and carpentry. Among its many applications are: Landscaping and exterior decoration; Paving and edging; Driving steel wedges; Building fences, tents, and prefabricated houses; Handling steel sheets; Furniture assembly; Assembly; Carpentry. The Halder-3207.050 socket is distinguished by its durability and strength, making it a reliable tool for professionals and hobbyists alike. Its unbreakable design ensures optimal performance under demanding conditions, making this replacement bit a smart choice for those seeking quality and efficiency in their projects.

Technical characteristics:

- Material: Unbreakable plastic (RCH 1 natural)
- Hardness: 65 Shore D (+/-5)
- Diameter: Ø 50 mm
- Color: White
- Wear resistance
- Versatile use in multiple applications
- Compatible with Simplex hubs
- Easy installation
- Optimized design for extended performance
- Ideal for precision work

Specifications

EAN	4030618301110
Manufacturer	Halder
Weight (kg)	0,1000
