**HALDER replacement nozzle,
very resistant white nylon Ø 80
mm, without splinters.**

Brand: Halder

Reference: TUR 3208.080

Halder-3208.080 white nylon replacement socket for Simplex sledgehammers, Ø 80 mm. Made of polyamide 6, it offers high resistance to wear, is chip-free, and is compatible with oils and greases. Ideal for assembly and mounting in various applications.

[View product online](#)**Description**

The Halder-3208.080 replacement bit is specifically designed for Simplex hammers and is made of natural Polyamide 6. This material offers a high hardness of 73 Shore D +/-5, ensuring excellent wear resistance and a long service life. Its chip-free design provides safe and efficient use, ideal for applications requiring direct contact with delicate parts or sharp edges. Furthermore, its resistance to oils and greases makes it a versatile option for demanding industrial environments.

This replacement bit is perfect for a wide range of applications, including:

- Parts assembly
- Mounting parts with sharp edges
- Steel mold construction
- Frames and machinery assembly
- Installations in industrial buildings and trade fair stands
- Working with sheet steel
- Equipment maintenance
- Various repairs

The Halder-3208.080 is a robust and reliable solution for professionals seeking superior performance in their assembly and maintenance projects.

- **Material:** Natural Polyamide 6
- **Hardness:** 73 Shore D +/-5
- **Resistance:** Oils and greases
- **Use:** Very resistant
- **Features:** No splinters

Specifications

Colour	White
EAN	4030618301219
Manufacturer	Halder
Material	Nylon
Weight (kg)	0,4100
