The Halder-3202.060 replacement sledgehammer is specifically designed for Simplex sledgehammers, offering an effective shock-absorbing solution. Made from a blend of textile rubber and fiber, this sledgehammer has a medium hardness of 95 Shore A (+/- 5), making it an ideal choice for various construction and landscaping applications. Its composition guarantees low wear and long-lasting performance, as well as being completely odorless, making it suitable for sensitive environments.

- Diameter: Ø 60 mm
- Hardness level: medium (95 Shore A +/- 5)
- Material: textile rubber and fiber blend
- Effective impact cushioning
- Odorless
- Low wear
- Compatible with Simplex mallets
- Ideal for outdoor and indoor use
- Versatile for multiple applications
- Easy to install and replace

The applications of the Halder-3202.060 replacement socket are wide-ranging and include landscaping and exterior decoration, edging, masonry, stair fitting, as well as the construction of fences, scaffolding, tents and prefabricated houses. It is also suitable for paving and carpentry work, making it an essential tool for professionals and DIY enthusiasts.
