Description

The ATM-A203 Replacement Nylon Mallet (Ø 34 mm) is an essential component designed specifically for the A100 series nylon mallets. This replacement part guarantees optimal performance and extended durability, allowing the mallets to remain functional in various applications. Its precise design and high-quality materials ensure that the cue stick fits perfectly with the original mallets, providing an efficient and reliable user experience.

- **Diameter:** 34 mm
- **Compatibility:** Designed for A100 series nylon mallets
- **Material:** High-strength nylon
- **Use:** Ideal for applications requiring soft and controlled contact
- **Durability:** Resistant to wear and abrasion
- **Installation:** Easy to replace without special tools
- **Color:** Black
- **Applications:** Suitable for use in industrial and commercial environments
- **Dimensions:** Compact design for a perfect fit
- **Performance:** Improves the effectiveness of the mallets functionality

Specifications

EAN	8435130715616
Manufacturer	ATM
Material	Nylon
Weight (kg)	0,0200
