Description

The Ruko-102404 Flat Countersink DIN 373 is a high-precision tool designed for creating countersinks at a 180° angle. This countersink features three cutting edges that allow for right-hand cutting, ideal for creating countersinks on hexagonal and cylindrical head screws. Its robust and efficient design makes it a recommended choice for working with materials such as steel, cast iron, light metals, and non-ferrous metals.

The Ruko-102404's cylindrical handle provides a comfortable and secure grip, facilitating its use in straight holes with fine pitch.

This countersink is an essential tool for professionals seeking precision and durability in their machining projects.

- **Fine pitch**
- **Countersink angle:** 180°
- **Number of cutting edges:** 3
- **Cutting type:** Right-hand
- **Compatible with:** Hex and socket head screws
- **Recommended materials:** Steel, cast iron, light and non-ferrous metals
- **Shank:** Cylindrical
- **Use:** For straight holes - fine pitch
- **Packaging:** Translucent plastic case with hanger

Specifications

High	1,60
Width	1,60
EAN	4007140004314
Manufacturer	Ruko
Weight (kg)	0,0300
Depth	9,00
