### Description

The Ruko-102406 Flat Countersink DIN 373 is a high-precision tool designed for creating countersinks at a 180° angle. This countersink features three cutting edges that allow for right-hand cutting, ideal for creating countersinks on hexagonal and cylindrical head screws. Its robust and efficient design makes it a recommended choice for working with materials such as steel, cast iron, light metals, and non-ferrous metals.

The cylindrical handle of the Ruko-102406 provides a comfortable and secure grip, allowing for optimal control during use.

This countersink is specifically designed for straight holes and features a fine pitch, ensuring precise, high-quality results in every application.

- **Model:** Ruko-102406
- **Type:** Flat Countersink DIN 373
- **Countersink Angle:** 180°
- **Number of Cutting Edges:** 3
- **Cut:** Right-hand
- **Application:** Hex and socket head screws
- **Recommended Materials:** Steel, cast iron, light and non-ferrous metals
- **Shank:** Cylindrical
- **Use:** Straight holes - fine pitch
- **Presentation:** Translucent plastic case with hanger
