Description

The Ruko-102413 Flat Countersink DIN 373 is a high-precision tool designed for countersinking with a 180° angle. This countersink features three cutting edges that allow for right-hand cutting, facilitating work on hexagonal and cylindrical head screws. Its robust and efficient design makes it an ideal choice for machining materials such as steel, cast iron, light metals, and non-ferrous metals. The cylindrical handle provides a comfortable and secure grip, improving maneuverability during use. This countersink is perfect for creating straight holes with a medium pitch, ensuring precise and high-quality results.

- **Pitch:** Medium
- **Countersink Angle:** 180°
- **Number of Cutting Edges:** 3
- **Cutting Direction:** Right-hand
- **Applications:** Hex and socket head screws
- **Recommended Materials:** Steel, cast iron, light and non-ferrous metals
- **Shank Type:** Cylindrical
- **Design:** For straight holes - medium pitch
- **Packaging:** Translucent plastic case with hanger

Specifications

High	2,30
