Description

The Ruko-102418 Flat Countersink DIN 373 is a high-precision tool designed for countersinking at a 180° angle. This countersink features three cutting edges that allow for right-hand cutting, facilitating work on hexagonal and cylindrical head screws. Its robust and efficient design makes it ideal for use on a variety of materials, including steel, cast iron, light metals, and non-ferrous metals. The cylindrical handle provides a comfortable and secure grip, improving maneuverability during use. This countersink is perfect for preparing holes for tapping, ensuring a professional finish on every project.

- **Countersink Angle:** 180°
- **Number of Cutting Edges:** 3
- **Cutting Type:** Right-hand
- **Compatibility:** Hex and socket head screws
- **Recommended Materials:** Steel, cast iron, light and non-ferrous metals
- **Shank:** Cylindrical
- **Use:** For pre-tapping holes
- **Packaging:** Translucent plastic case with hanger
- **Standard:** DIN 373
