Description

The Ruko-102423 180° HSS Flat Countersink with Fine Pitch for M12 Thread is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for right-hand cutting, ensuring a clean and professional finish every time. Its high-speed steel (HSS) construction makes it ideal for working with materials such as steel, cast iron, light metals, and non-ferrous metals, offering durability and strength in demanding applications.

The tapered handle provides a secure and comfortable grip, allowing for optimal control during the countersinking process.

This countersink is specifically designed for straight holes with a fine pitch, making it an essential tool for professionals and DIY enthusiasts seeking precision and quality in their projects.

- **Fine pitch**
- **Countersink angle:** 180°
- **Number of cutting edges:** 3
- **Cut:** right-hand
- **Compatible with:** hex and socket head screws
- **Recommended material:** steel, cast iron, light and non-ferrous metals
- **Shank:** tapered
- **Use:** straight holes - fine pitch
- **Packaging:** translucent plastic case with hanger

Specifications

High	2,50
Width	2,50
EAN	4007140004505
Manufacturer	Ruko
Weight (kg)	0,2400
Depth	16,00
