Description

The Ruko-102424 180° HSS Flat Countersink with Fine Pitch for M14 Thread is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for right-hand cutting, ensuring a clean and professional finish every time. Its robust design makes it ideal for working with materials such as steel, cast iron, light metals, and non-ferrous metals, making it a versatile option for various machining projects.

The tapered shank facilitates handling and precision during drilling, allowing for the creation of straight holes with a fine pitch.

Furthermore, the product comes in a translucent plastic case with a hanger, ensuring its protection and easy storage.

- **Countersink Angle:** 180°
- **Cutting Edges:** 3
- **Cut:** Right-hand
- **Compatibility:** Hex and socket head screws
- **Recommended Materials:** Steel, cast iron, light and non-ferrous metals
- **Shank:** Tapered
- **Hole Type:** Straight - fine pitch
- **Packaging:** Translucent plastic case with hanger

Specifications

High	2,90
Width	2,90
EAN	4007140004512
Manufacturer	Ruko
Weight (kg)	0,2900
Depth	17,00
