Description

The Ruko-102425 180° HSS Flat Countersink with Fine Pitch and M16 Thread is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for right-hand cutting, ensuring a clean and professional finish every time. Its tapered handle provides a comfortable grip and optimal control during use, making it an ideal choice for demanding jobs.

This countersink is especially recommended for use on materials such as steel, cast iron, light metals, and non-ferrous metals, making it versatile for various industrial and DIY applications.

Furthermore, it comes in a translucent plastic case with a hanger, ensuring its protection and easy storage.

- **Pitch:** fine
- **Countersink Angle:** 180°
- **Number of Cutting Edges:** 3
