Description

The Ruko-102428 180° HSS Flat Countersink with Fine Pitch for M22 Thread is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for right-hand cutting, ensuring a clean and professional finish on various materials. Its high-speed steel (HSS) construction makes it ideal for working with steel, cast iron, light metals, and non-ferrous metals, offering durability and wear resistance.

The tapered handle provides a comfortable grip and precise control during use, while its design is optimized for straight holes with a fine pitch, ensuring perfect alignment and fit.

The product comes in a translucent plastic case with a hanger, allowing for easy organization and transport.

- Countersink angle: 180°
- Number of cutting edges: 3
- Cutting: Right-hand
- Compatible with hexagonal and cylindrical head screws
- Material: High-speed steel (HSS)
- Recommended for: Steel, cast iron, light and non-ferrous metals
- Shank: Tapered
- Designed for straight holes - fine pitch
- Presentation: Translucent plastic case with hanger

Specifications

High	4,10
Width	4,10
EAN	4007140004550
Manufacturer	Ruko
Weight (kg)	0,6900
Depth	21,50
