Description

The Ruko-102433 flat countersink is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for right-hand cutting, ensuring a clean and professional finish every time. Its design is ideal for working with materials such as steel, cast iron, light metals, and non-ferrous metals, making it a versatile choice for various industrial and DIY applications.

The Ruko-102433's tapered shank facilitates handling and control during the countersinking process, allowing for efficient, straight-through holes with standard pitch.

Furthermore, it comes in a translucent plastic case with a hanger, ensuring easy organization and transport of the tool.

- Countersink angle: 180°
- Number of cutting edges: 3
- Cutting: Right-hand
- Compatible with hexagonal and cylindrical head screws
- Recommended materials: Steel, cast iron, light and non-ferrous metals
- Shank: Tapered
- Hole type: Straight
- Pitch: Standard
- Packaging: Translucent plastic case with hanger

Specifications

High	3,50
Width	3,50
EAN	4007140004604
Manufacturer	Ruko
Weight (kg)	0,5800
Depth	20,00
