Description

The Ruko-102435 180° HSS Flat Countersink is a high-precision tool designed for countersinking hexagonal and cylindrical head screws. With a 180° countersinking angle and three cutting edges, this countersink allows for efficient right-hand cutting, guaranteeing optimal results in a variety of materials. Its high-speed steel (HSS) construction makes it especially recommended for working with steel, cast iron, light metals, and non-ferrous metals, offering durability and wear resistance.

The tapered handle facilitates a comfortable grip and precise control during use, while its design is intended for straight holes with standard pitch, ensuring broad compatibility with different applications.

The product comes in a translucent plastic case for easy viewing and storage, and includes a hanger for convenient organization.

- **Pitch:** Standard
- **Countersink Angle:** 180°
- **Number of Cutting Edges:** 3
- **Cutting Type:** Right-hand
- **Compatibility:** Hex and socket head screws
- **Recommended Materials:** Steel, cast iron, light and non-ferrous metals
- **Shank:** Tapered
- **Use:** Straight holes - standard pitch
- **Packaging:** Translucent plastic case with hanger

Specifications

High	4,10
Width	4,10
EAN	4007140004628
Manufacturer	Ruko
Weight (kg)	0,6500
Depth	21,50
