Description

The Ruko-108314 EasyLock automatic drill bit holder is an innovative tool designed to facilitate the use of Weldon hollow drill bits with M14 threads. This holder is compatible with a variety of drills, including the RS 10, RS 20, RS 25e, RS 30e, and RS 40e models. Its ergonomic design allows for quick and easy bit changes without the need for additional tools, optimizing working time and improving efficiency on drilling projects.

The EasyLock includes a cooling tube and spray bottle, which helps maintain the proper temperature during the drilling process, extending the life of the drill bits and ensuring high-quality results.

Its one-handed operation provides comfort and control, allowing the user to concentrate on the task without distractions.

- **Model:** Ruko-108314
- **Type:** Automatic holder for Weldon hollow drill bits
- **Thread:** M14
- **Compatibility:** RS 10, RS 20, RS 25e, RS 30e, RS 40e drills
- **Drill bit change:** Tool-free
