Product sheet

RUKO internal cooling support for CM3 hollow drill bits, robust and efficient.

Brand: Ruko

Reference: TUR 108105

Ruko-108105 internally cooled drill stand, designed for hollow drill bits with a CM3 threaded seat. Compatible with RS 20, RS 25e, RS 30e, RS 40e, RS 120, RS 125e, RS 130e and RS 140e drills. Ideal for drilling work.

Description

The Ruko-108105 drill stand is specifically designed for hollow drill bits and features an internal cooling system that optimizes tool performance and durability. This stand is compatible with a wide range of drills, including the RS 20, RS 25e, RS 30e, RS 40e, RS 120, RS 125e, RS 130e, and RS 140e models. Its robust and efficient design allows for extended use without compromising work quality, ensuring that the drill bits are kept at optimal temperatures during operation. Installation is quick and easy, facilitating integration into any work environment.

- **Compatibility:** Designed for RS 20, RS 25e, RS 30e, RS 40e, RS 120, RS 125e, RS 130e, and RS 140e drills.
- **Internal Cooling:** System that prevents drill bit overheating.
- **High-Quality Materials:** Robust construction for increased durability.
- **Quick Installation:** Easy to assemble and disassemble.
- **Ergonomic Design:** Facilitates handling and operation.
- **Optimized Performance:** Improves efficiency during extended work sessions.
- **Versatility:** Suitable for various drilling applications.
- **Lightweight:** Adds no unnecessary weight to the drill.
- **Compact dimensions:** Saves space in the work area.
- **Easy maintenance:** Design allows for easy cleaning.

Specifications

EAN	4007140127884
Manufacturer	Ruko
Weight (kg)	0,8200
