Description

The Ruko-113019 MHS TC multi-grade hole saw is a high-precision tool designed for drilling in a wide variety of materials. With a 19 mm diameter and a cutting depth of up to 28 mm, this hole saw is ideal for working with stainless steel, high-alloy steels such as V2A and V4A, as well as steel and cast steel up to 20 mm. It is also suitable for non-ferrous metals and plastics, allowing for clean and efficient cutting.

The Ruko-113019 features carbide teeth that ensure exceptional durability and optimal performance under demanding conditions. Its right-hand cutting design facilitates the drilling process, while the triangular shank ensures a firm and stable grip during use.

This tool comes in a translucent plastic case with a hanger, allowing for practical and tidy storage.

- Diameter: Ø 19 mm
- Cutting depth: 2 to 28 mm
- Carbide teeth
- Right-hand cutting
- Recommended for stainless steel and high-alloy steels
- Capacity in steel and cast steel up to 20 mm
- Capacity in non-ferrous metals and plastics up to 28 mm
- Triangular shank
- Translucent plastic case with hanger
- M18 x 6 P 1.5 thread adapter for hole saws from Ø 31.0 to 100.0 mm

Specifications

High	3,00
Width	3,00
EAN	4007140085566
Manufacturer	Ruko
Weight (kg)	0,1500
Depth	12,00
