Product sheet

RUKO guide drill bit for TC multigrade core drill Ø 6 x 71 mm.

Brand: Ruko

Reference: TUR 113216

Ruko-113216 guide drill bit, 6 mm in diameter and 71 mm long, designed for MHS multi-grade TC core drills with diameters from 15 to 100 mm. Ideal for ensuring precision in drilling in various materials.

Description

The Ruko-113216 pilot drill bit is an essential tool for those seeking precision and efficiency in their drilling work. With a diameter of 6 mm and a length of 71 mm, this drill bit is specifically designed for use with MHS TC multi-grade core drills, which cover a diameter range of 15 to 100 mm. Its robust construction and optimized design ensure superior performance in a variety of applications, from drilling into wood to harder materials. The pilot drill provides stability and alignment, resulting in clean and accurate drilling and minimizing the risk of deviations during the process.

- **Drill bit diameter:** 6 mm
- **Total length:** 71 mm
- **Compatibility:** TC Multigrade MHS Core Drill Bits
- **Crown bit diameter range:** 15 to 100 mm
- **Material:** High-quality steel
- **Use:** Ideal for drilling in various materials
- **Design:** Provides stability and alignment during drilling
- **Applications:** Construction, carpentry, and DIY projects
- **Durability:** Resistant to wear and heavy use
- **Accuracy:** Ensures clean and accurate perforations

Specifications

High	1,50
Width	1,50
EAN	4007140086099
Manufacturer	Ruko
Weight (kg)	0,0200

Depth	9,50
