Description

The Ruko-128215 is a guide pin specifically designed for use with HSS-G and HSS TiAIN core drill bits. With a diameter of 6 mm and a length of 52 mm, this seat holder provides a secure and precise grip, ensuring optimal performance in various drilling applications. Its design includes an M10x1.25 mm threaded pilot drill, which facilitates the installation and use of the hole saws, ensuring perfect alignment and greater overall durability.

- **Diameter:** 6 mm
- **Length:** 52 mm
- **Compatibility:** HSS-G and HSS TiAIN hole saws
- **Guide drill:** M10x1.25 mm
- **Material:** High quality for greater strength
- **Use:** Ideal for precise drilling in various materials
- **Ease of installation:** Design that allows for quick and easy assembly
- **Performance:** Optimized to extend the lifespan of the hole saws
- **Applications:** Construction, metalworking, and DIY projects
- **Manufacturer:** Ruko, renowned for its quality drilling tools

Specifications

EAN	4007140295286
Manufacturer	Ruko
Weight (kg)	0,1100
