RUKO HSS-CO cobalt ground drill bit with self-centering (Ø 2.5 mm)

Brand: Ruko

Reference: TUR 2155025

HSS-Co 5 Cobalt ground drill bit with self-centering, ideal for precise drilling. Its 2.5 mm design ensures optimal performance in various materials. Perfect for applications requiring high strength and durability.

Description

The Ruko-2155025 drill bit is designed to deliver superior performance in high-precision drilling applications. Made from high-speed steel with 5% cobalt, this ground drill bit ensures excellent wear resistance and greater durability compared to conventional drill bits. Its self-centering design allows for more accurate drilling and prevents slippage on hard surfaces, resulting in perfectly aligned, professional-quality holes. With a diameter of 2.5 mm, it is ideal for working with metal, plastic, and other hard materials.

- **Material:** High-speed steel (HSS) with 5% cobalt
- **Diameter:** 2.5 mm
- **Type:** Ground drill bit
- **Self-centering:** Yes, for greater accuracy
- **Applications:** Drilling in metal, plastic, and hard materials
- **Strength:** High wear resistance
- **Durability:** Longer lifespan compared to standard drill bits
- **Finish:** Polished surface for better performance
- **Use:** Professional and advanced hobbyist
- **Compatibility:** Compatible with standard drills

Specifications

High	2,00
Width	2,00
EAN	4007140057020
Manufacturer	Ruko
Weight (kg)	0,1000

Depth	6,50
