

Product sheet

RUKO 9mm HSS-CO drill bit with self-centering and cobalt for high precision.

Brand: Ruko

Reference: TUR 2155090

HSS-Co 5 Cobalt ground drill bit with self-centering, ideal for precise drilling. Its 9 mm design ensures optimal performance in various materials, offering durability and efficiency. Perfect for professional and DIY applications.

Description

The Ruko-2155090 drill bit is designed to deliver exceptional performance in drilling applications in hard materials. Made of high-speed steel with 5% cobalt, this ground drill bit ensures greater durability and wear resistance. Its self-centering design allows for precise and efficient drilling, minimizing slippage and ensuring an accurate start to the hole. With a diameter of 9 mm, it is ideal for working with metal, stainless steel, and other demanding materials, providing high-quality results every time.

- **Material:** High-speed steel HSS Co5 with 5% cobalt
- **Diameter:** 9 mm
- **Type:** Ground drill bit
- **Self-centering:** Yes, for precise drilling
- **Applications:** Ideal for metal and stainless steel
- **Durability:** High wear resistance
- **Use:** Professional and industrial
- **Finish:** Polished surface to reduce friction
- **Compatibility:** Compatible with standard drills
- **Standards:** Meets quality standards industrial

Specifications

High	4,00
Width	4,00
EAN	4007140057228
Manufacturer	Ruko
Weight (kg)	0,5000
Depth	13,00
