

Product sheet

RUKO 13mm HSS-CO drill bit with self-centering and cobalt for high precision.

Brand: Ruko

Reference: TUR 2155130

13mm HSS-Co 5 Cobalt drill bit, ground and self-centering. Ideal for precise drilling in various materials. Its design ensures optimal performance and durability in demanding jobs. Perfect for professional and hobbyist use.

Description

The Ruko-2155130 drill bit is designed to deliver exceptional performance in demanding drilling applications. Made from high-speed steel (HSS) and 5% cobalt, this ground drill bit ensures greater durability and wear resistance, making it an ideal tool for working with hard and abrasive materials. Its self-centering design allows for precise and efficient drilling, minimizing slippage and ensuring an accurate start. With a diameter of 13 mm, this drill bit is perfect for a variety of industrial and DIY projects.

- **Material:** High-speed steel (HSS) with 5% cobalt
- **Diameter:** 13 mm
- **Type:** Ground drill bit
- **Features:** Self-centering for greater accuracy
- **Applications:** Ideal for drilling hard metals and abrasive materials
- **Durability:** High wear resistance
- **Use:** Suitable for industrial and DIY environments
- **Compatibility:** Compatible with standard drills
- **Finish:** Polished surface for better penetration
- **Manufacturer:** Ruko

Specifications

High	4,00
Width	4,00
EAN	4007140057310
Manufacturer	Ruko
Weight (kg)	0,5500

Depth	15,50
