Description

Ruko-2060525 rolled HSS drill bits are high-precision tools designed for efficient and durable drilling in a variety of materials. With a diameter of 5.25 mm, these drill bits are ideal for applications in metal, wood, and plastics, offering superior performance thanks to their high-speed steel (HSS) construction. Their rolled design provides greater wear resistance and improved chip evacuation, resulting in a cleaner and more efficient drilling process. These drill bits are a reliable choice for professionals and hobbyists seeking quality and performance in their drilling projects.

- **Diameter:** 5.25 mm
- **Material:** High-speed steel (HSS)
- **Type:** Rolled
- **Use:** Drilling in metal, wood, and plastics
- **Durability:** High wear resistance
- **Chip evacuation:** Efficient and clean
- **Compatibility:** Suitable for standard drills
- **Package:** Includes 2 units
- **Applications:** Ideal for DIY and professional work
- **Manufacturer:** Ruko

Specifications

High	0,53
------	------

Width	4,00
EAN	4007140147202
Manufacturer	Ruko
Weight (kg)	0,2000
Depth	17,00
