Description

The Ruko-206070 drill bit is designed to deliver exceptional performance in high-precision drilling. Made from high-speed steel (HSS), this 7 mm diameter rolled drill bit is ideal for working with a variety of materials, including metals, plastics, and wood. Its optimized geometry allows for smooth and efficient penetration, reducing wear and extending the tool's lifespan. The drill bit features a high-quality finish that minimizes friction and improves chip evacuation, resulting in a cleaner and more effective drilling process.
