

Product sheet

RUKO 10mm diameter HSS drill bit for precise and durable drilling.

Brand: Ruko

Reference: TUR 206100

The Ruko-206100 HSS rolled drill bit has a 10 mm diameter and is designed for precise drilling in various materials. Its high-quality construction ensures durability and performance in both professional and home applications. Ideal for DIY and construction projects.

Description

The Ruko-206100 drill bit is designed to deliver superior performance in high-precision drilling. Made from high-speed steel (HSS), this 10 mm diameter rolled drill bit is ideal for working with a variety of materials, including metals, plastics, and wood. Its optimized geometry allows for efficient penetration and effective chip evacuation, reducing the risk of overheating and extending the tool's lifespan. The drill bit features a high-quality finish that ensures greater durability and wear resistance, making it a reliable choice for professionals and DIY enthusiasts.

- **Diameter:** 10 mm
- **Material:** High-speed steel (HSS)
- **Type:** Rolled drill bit
- **Use:** Suitable for drilling metals, plastics, and wood
- **Geometry:** Optimized for efficient penetration
- **Chip evacuation:** Effective, reduces the risk of overheating
- **Durability:** High wear resistance
- **Applications:** Ideal for professional and DIY use
- **Finish:** High quality for long-lasting performance
- **Compatibility:** Compatible with standard drills

Specifications

High	1,00
Width	4,00
EAN	4007140018496
Manufacturer	Ruko
Weight (kg)	0,6000

Depth	20,00
